AAMA Early Childhood Center in accordance with the HB 4 Grant guidelines, will create a partnership between our families, schools, and community for the successful transition of our students to Kindergarten. AAMA-Sanchez Charter School -Early Childhood Center is based on the philosophy that parents are the child’s first and most important teachers. We believe children learn best in a classroom that provides age-appropriate educational activities and reflects their cultural individualities. We believe children can reach their fullest potential when both home and school work together toward common goals of excellence.

We encourage all of our parents and families to participate in their child’s early childhood education. Developing a strong foundation for your child in the beginning will create success in the future as partners. With collaboration between school and families, we will be able to produce more positive child outcomes and prepare our students to become leaders of tomorrow.
