Parent Rights and Responsibilities

Throughout this Code, "parents" includes a natural parent, adoptive parent, legal guardian, or person having lawful control of the student.

Each parent or guardian is entitled to enjoy the basic rights of citizenship recognized and protected by federal, state and local law and charter school policy. The charter school shall foster a climate of mutual respect for the rights and privileges of others. Each parent is expected to respect and protect the rights and privileges of students, teachers, charter school staff and other parents.

Parents have the responsibility to:

1. Make every effort to provide for the physical needs of the child.
2. Instruct the child to pay attention and obey the rules.
3. Be sure their child attends school regularly and promptly report and explain absences and tardiness to the school.
4. Encourage and lead the child to develop proper study habits at home.
5. Participate in meaningful parent-teacher and/or parent-teacher-principal conferences to discuss their child's school progress and welfare.
6. Attend parent training workshops for home reinforcement of study skills and specific curriculum objectives. The availability of parent training workshops for home reinforcement of study skills and specific curriculum objectives shall be dependent upon significant interest expressed by parents in the community.
7. Keep informed of school policies and academic requirements of school programs.
8. Participate in school-related organizations.
9. Be sure their child is appropriately dressed at school and school-related activities. Students must conform to the designated standardized approved dress.
10. Be sure their child does not bring to school toys, radios, telecommunication devices or other inappropriate items that may interfere with the learning environment or violate the charter school policies or Student Code of Conduct.
11. Discuss report cards and school assignments with their child.
12. Bring to the attention of school authorities any learning problem or condition that may relate to their child's education.
13. Maintain up-to-date home address, as well as home, work, and emergency telephone numbers, and other pertinent information at the school.
14. Cooperate with school administrators and teachers.
15. Be sure their child attends school tutorials when required or as the need arises.
16. Be sure that their child is brought to school and picked up from school at appropriate times to ensure the availability of adequate supervision for the child.

17. Secure a visitor's permit from the school office when on campus during regular instructional hours, and surrender that visitor's permit upon departure.
18. Submit signed statements that they have received, understand and consent to the responsibilities outlined in both the Student Code of Conduct and the Student Handbook.
19. Control their child. Under Family Code 41.001, a student's parent is legally liable for property damage proximately caused by a) the negligent conduct of the student, if such conduct is reasonably attributable to the negligent failure of the parent to exercise that duty, or b) the willful or malicious conduct of a student who is at least 12 but under 18 years of age.
20. Realize that a parent's permission for a student to violate the school's regulations, or his/her approval of the violation after it has been done does not legitimize the action.
21. Use appropriate language when communicating with staff members on the school campus or during school related activities.
22. Parents are expected to use appropriate behavior on school campuses and at school-related activities. Parents who violate the rights of others may be subject to charter school action which may include civil or criminal prosecution as outlined by law and/or charter school policy.

Request Information on Teacher and Paraprofessional Qualifications

The federal No Child Left Behind Act of 2001 allows parents/guardians of children who attend Title I funded schools to request information about the professional qualifications of their child's classroom teachers and/or paraprofessional staff.

Parent-Teacher Conference

Parent-teacher conferences are encouraged. An appointment for a conference may be arranged with the teacher. To avoid conflicts, appointments should be made a day or two in advance. Teachers are directed not to interrupt their instructional time with conferences, no matter how brief. A teacher or other school employee may request a conference with a student's parent(s) whenever the teacher or employee perceives the need for parental cooperation in enforcing the Student Code of Conduct.

Student Rights and Responsibilities

All students are entitled to enjoy the basic rights of citizenship recognized and protected by law for persons of their age and maturity. The charter schools shall foster a climate of mutual respect for the rights of others. Each student is expected to respect the rights and privileges of

other students, teachers, and charter school staff. Students shall exercise their rights responsibly, in compliance with rules established for the orderly conduct of the charter school's educational mission. The charter school rules of conduct and discipline are established to achieve and maintain order in the school. Students who violate the rights of others or who violate charter school rules shall be subject to disciplinary measures designed to correct the misconduct and to promote adherence by all students to the responsibilities of citizens in the school community. Student responsibilities for achieving a positive learning environment at school or school-related activities shall include:

1. Attending all classes, daily and on time, except when ill or lawfully excused.
2. Being prepared for each class with appropriate materials and assignments.
3. Attending school tutorials when required or as the need arises.
4. Dressing in accordance with the Charter School 's standards of propriety, safety, health, and good grooming.
5. Conforming to the designated standardized dress approved by the school board.
6. Exhibiting respect toward individuals and property.
7. Conducting themselves in a responsible manner.
8. Paying required fees and fines unless they are waived.
9. Refraining from violations of the Student Code of Conduct.
10. Obeying all school rules, including safety rules.
11. Seeking changes in school policies and regulations in an orderly and responsible manner, through appropriate channels.
12. Cooperating with staff in investigation of disciplinary cases and volunteering information relating to a serious offense.
13. Submitting signed statements that the student has received, understands and consents to the responsibilities outlined in both the Student Handbook and Student Code of Conduct.

Video Surveillance of Special Education Settings Policy

Notice

George I. Sanchez Charter School shall provide written notice to the campus staff and the parents of students assigned to a self-contained classroom or other special education setting that video and audio surveillance will be conducted in the classroom or setting. The district will do this by adding this information to the Student and Employee Handbook.

George I. Sanchez Charter School shall require that all campuses post a notice at the main school entrances in which video cameras are placed stating that video and audio surveillance will be

conducted in the classrooms.

Recording Times

George I. Sanchez Charter School requires that Video and Audio recordings in self-contained classrooms or other special education settings shall be conducted during regular school hours from 7:45 a.m. to 3:15 p.m. Monday through Friday.

Grades

Credit is awarded on transcripts at the end of every semester.
Students will receive progress reports during the semester that will go home to parents.

Earning Credit

The chart below explains what grades on a report card in each class at Sanchez Charter School mean, and how students earn credit towards graduation.

If the percent is...	100-90%	89-80%	79-75%	74-70%	69-50%
A student's grade is...	A	B	C	D	F
This means they are...	Exceeding	Meeting	Developing	Beginning	Not Enough Work Submitted
GPA Points Earned	4	3	2	1	0
Credit Awarded	Yes	Yes	Yes	Yes	No

Exam Exemptions

Students may be exempted from final exams at the end of the year.

School administrator(s) may exempt students taking certain course exams if they meet academic criteria of having an 85 or above in their coursework, including learning goals, portfolios, and essays; and scoring 85 or above on benchmarks and/or standardized state mandated tests. In addition, students must maintain 95% attendance or not exceed the maximum of five (5) unexcused absences per semester. (Due to COVID-19 absences will not be used for exemptions this 2021-2022 School Year) Allowed exemptions are bases on grade level:

Grade	Number of Exemptions
6th -8th	None
9th	1
10th	2
11th	3
12th	4

Make up or Late Work: If a student had an excused absence, they can make up work with no penalty. If it is unexcused or students have not completed work to turn in, they can turn in work late, but it will affect their overall grade in the course. This is within reason (for example, it is not reasonable for a student who did not do any work on a learning target in September to do it in December).

Class Rank / Top Ten Percent / Highest Ranking Student

Sanchez Charter acknowledges the usefulness of a system of computing grade point averages and class ranking for high school graduates, both to inform students of their relative academic placement among their peers and to provide students, prospective employers, and institutions of higher learning with a predictive device so that each student is more likely to be placed in an environment conducive to success. All students in a graduating shall be ranked together. The class rank shall be computed by using the final grade in all subjects. Any two or more students whose computed grade point averages are identical shall be given the same rank. The rank of the student who immediately follows a tied position will be the next immediate rank A student's grade point average and rank in class shall be entered on his/her record. Class rankings shall be entered on student's records and transcripts, where they will be available for review by authorized personnel. Students must be enrolled a minimum of three regular semesters to be considered for Valedictorian and Salutatorian. Students that do not complete the 3 requirements will be added to the summer school graduation roster and their class rank will be determined by their ranking with the other summer school graduate candidates. The class ranking for this group will be added to the end of the rankings of the students that graduated in May of the preceding semester.

Valedictorians and Salutatorians

For the purpose of selecting a valedictorian(s), final grades from each academic year grades 9-12 will be computed at the close of the fall semester of the senior year. In order to be eligible to be honored as valedictorian or salutatorian, a student must earn his or her last twelve credits at Sanchez Charter. The student with the highest-grade point average will be selected as the valedictorian of the senior class. In the case of a tie, all students sharing the highest-grade point average will receive honors as valedictorians.

HB 5 Graduation Requirements

HB 5 restructured the state's graduation requirements, moving from the "4x4" graduation plan to a 22- credit Foundation High School Program that allows students to earn endorsements in specific areas of study by completing four additional credits. The endorsements include STEM; business & industry; public service; arts & humanities; and multidisciplinary studies.

Senate Bill 149

Revised the state's assessment graduation requirements for students enrolled in 11th or 12th grade for 2014-2015, 2015-2016 and 2018-2019 school year.

A student who has failed the EOC assessment graduation requirements for not more than two courses may receive a Texas High School Diploma if they qualify to graduate by means of an individual graduation committee (IGC).

Applies only to an 11th and 12th grade students who have failed to comply with the end of course assessment instrument performance requirements for not more than two courses.

A student may not qualify to graduate under this section before the student's 12th grade year.

Accelerated Instruction Plans – HB4545

George I Sanchez Charter School's will establish an accelerated learning committee ("ALC") for each student who fails to perform satisfactorily on:

1. The third grade mathematics or reading STAAR exam;
2. The fifth grade mathematics or reading STAAR exam; or
3. The eighth grade mathematics or reading STAAR exam.

The ALC will be composed of the Principal or designee, the students' parent or guardian, and the teacher of the subject of the assessment on which the student failed to perform satisfactorily.

The ALC shall, not later than the start of the subsequent school year, develop an educational plan for the student that provides the necessary accelerated instruction to enable the student to perform at the appropriate grade level by the conclusion of the school year. The educational plan must be documented in writing, and a copy must be provided to the student's parent or guardian.

The student's parent or guardian may contest the content or implementation of an educational plan developed by the ALC by submitting a written complaint to the District Curriculum and Instruction Coordinator within (1) seven calendar days of the parent or guardian's receipt of the educational plan or (2) within seven calendar days of the parent or guardian's concern that the educational plan is not being properly implemented. The District Curriculum and Instruction Coordinator will conduct a conference with the parent or guardian within five school days of George I Sanchez Charter School's receipt of the written complaint and issue a written decision within five school days of the conference. A parent or guardian who is dissatisfied with the District Curriculum and Instruction Coordinator's decision may appeal through George I. Sanchez Charter School's student and parent complaint process, beginning at Level Assistant Superintendent review.

Teachers must have permission from a school administrator to use any electronic device. As well as, the electronic device is only to be used for instructional purposes.

Any student violating this policy may be subject to having the electronic device removed from their possession by campus administrator. Once an electronic device is confiscated by a campus administrator, a parent conference will be held so that the electronic device can be returned to the student.

Confiscated electronic devices will be returned to the parent in accordance with school policy. There is a \$20.00 fee for the return of cell phones or other electronic devices.

Outside Food Policy

Parents/ guardians are allowed to bring outside food to students during their designated lunch period only. Parents are also welcome to eat with their child during their lunch period in the designated parent/ student area. Any food brought after the student's lunch period will not be accepted. Parents/ guardians are only allowed to bring food for their child. The sharing of food is prohibited. If it is found that students are sharing food, that student will forfeit their outside food privilege. Parents/guardians cannot just drop off and leave. They must physically hand the food to their student. Any student can and will lose their privilege's if the school deems they are abusing the outside food policy.

Attendance

Attendance: Absences are excused for personal illness, family emergency, or funerals for immediate family only. Students must bring a written note from the legal guardian within 5 school days. Notes are to be turned in at the front lobby in the box at the receptionist's desk. Students are only allowed five handwritten notes per semester. If the student does not turn in a note after 5 days, the absence is considered unexcused.

Only doctor's appointments and required court hearings will count as excused absences. All others are considered unexcused. Proof of appointment should be brought upon arrival to school.

If students miss a day, they cannot participate in any afterschool activity that day. For excused absences and suspensions, makeup work must be allowed and students have 3 days to turn in work.

Compulsory Attendance

State law requires that a student between the ages of six and 18 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

If a student 18 or older has more than five unexcused absences in a semester, the charter school may revoke the student's enrollment. The student's presence on school property thereafter would be unauthorized and may be considered trespassing.

A student in grades 6-8 will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and applicable subject area.

Exemptions to Compulsory Attendance

State law allows exemptions to the compulsory attendance requirements for several types of absences. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining United States citizenship;
- Service as an election clerk; and
- Documented health-care appointments

In addition, a junior or senior student's absence of up to two days related to visiting a college or university may be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Failure to Comply with Compulsory Attendance

School employees must investigate and report violations of the state compulsory attendance law. A student absents without permission from school; from any class; from required special programs, such as additional special instruction, termed "accelerated instruction" by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action. A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- If absent from school on ten or more days or parts of days within a six-month period in the same school year.

Students are required to attend each school day for the entire period the program of instruction for which the student is enrolled is offered. However, if the person has more than five unexcused absences in a semester, the school district may revoke the person's enrollment for the remainder of the school year. A person whose enrollment is revoked under subsection may be considered an unauthorized person on a school district grounds for purposes of Sec. 37.107.

Tardies

Students are expected to arrive on time to class for each period. Students obtaining five or more tardies during first period in a three-week period will be referred to the Truancy Department. The administrative staff will determine further action. A parent conference will be mandatory after the fifth tardy.

Habitual truancy means a student who is absent from school without parental consent for any portion of the school for three days in a four-week period or for ten or more days in a six-month period. The student and parent/legal guardian may be subject to penalties by the court if it is determined that the school-aged student is purposely not attending school.

The truancy department staff will meet with the student after three unexcused absences to determine the nature of the absence and the appropriate intervention needed for the student. Student will then be referred to the appropriate school resource and documentation will be maintained by the Truancy Department. A warning letter will be mailed to the student's home as well as a copy given to the student during school hours by the truancy officer. Documentation of this warning letter will be signed by the student and the parent. Truancy department and administration will meet with the student by the fifth unexcused absence to determine further school resources and school action to be taken.

Student will be subject to continuous monitoring by the Department to reduce and eliminate any future absences. Truancy staff will conduct a home visit any time that it is deemed that the absences are affecting student academic achievement.

Student will be given notice by the truancy department as well as the court for upcoming court appearances. The notice will include the upcoming court date, time, and address. Student and or parent/legal guardian will be responsible for contacting the court to inquire about change of date or

the procedures of the scheduled court appearance. Truancy officers will be contacted directly for parental conferences and the parent and student will sign documentation verifying the date of the meeting.

Phone calls will be initiated to the home and home visits conducted as early as the second unexcused absence as determined by the truancy department.

Attendance for Credit

To receive credit in a class, a student must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit for the class if he or she completes a plan, approved by the principal that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit for the class.

If a student attends less than 75 percent of the days, a class is offered or has not completed a plan approved by the principal, and then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit, if appropriate.

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences will be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for the reasons listed above at Exemptions to Compulsory Attendance will be considered days of attendance for this purpose.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district. For a student transferring into the district after school begins, including a migrant student, only those absences after enrollment will be considered.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent. The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

CREDIT BY EXAM-If a Student Has Taken the Course

A student who has previously taken a course or subject-but did not receive credit for it-may, in circumstances determined by the teacher, counselor, principal, or attendance committee, be permitted to earn credit by passing an exam on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, correspondence courses, or independent study supervised by a teacher.

The counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject. The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam. A student may not use this exam, however, to regain eligibility to participate in extracurricular activities. For further information, see the counselor.

Arrivals and Dismissals

Leaving Campus:

Students cannot leave campus once they are on school grounds.

Early Dismissals or Late Arrivals:

Parents should make medical or other appointments after school or on weekends. If a student needs an early dismissal or late arrival, these steps must be followed:

- The legal guardian must come in, show an ID and sign the student in or out of school.
- The student must make up all missed work.
- Students cannot sign themselves out of school, even if they are 18.

Early Dismissal Days

Students cannot be checked out by parent, guardian, or anyone on the contact list the last hour before dismissal on an early dismissal day.

Lunch checkout

We recommend to parents and guardians not to pick students up during our designated lunch times.

Internet Acceptable Use and Safety Policy

Internet access is available to students at Sanchez Charter School. We are very pleased to bring this access to Sanchez Charter High School and believe the Internet offers vast, diverse, and unique resources to our students. Our goal in providing this service to students is to promote educational excellence by facilitating resource sharing, innovation, and communication.

It is the policy of Sanchez Charter School to:

1. Prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communication
2. Prevent unauthorized access and other unlawful online activity
3. Prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors, and
4. Comply with the Children's Internet Protection Act [(Pub. L. No. 106-554 and 47 USC 254(h))].

The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual subscribers. Students have access to:

1. Electronic mail (e-mail) communication with people all over the world.
2. Public domain software and graphics of all types for school use.
3. Discussion groups on a plethora of topics ranging from culture to the environment to music to politics
4. Access too many University Library Catalogs, the Library of Congress
5. Graphical access to the Internet

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Sanchez Charter School has taken precautions to restrict access to controversial materials by using Internet Filters to block access and monitor access to inappropriate information. Specifically, as required by the Children's Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors minimized only for bona fide research or other lawful purposes.

Staff and teachers will supervise students using devices accessing the Internet. Technologies are in place for teachers to remotely monitor Student Desktops while IT staff is able to utilize weblogs and remote connections to student's devices to monitor appropriate use of the Internet.

As part of the technology curriculum, students will be educated about appropriate online behavior, including interacting with other individuals on social networking websites, in chat rooms and cyberbullying awareness. (Refer to Bullying and Cyberbullying policy for details).

However, on a global network, it is impossible to control all materials and an industrious user may discover controversial information. We at Sanchez Charter School firmly believe that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of Sanchez Charter School.

Internet access is coordinated through a complex association of government agencies, and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that users are aware of the responsibilities they are about to acquire. In general, this requires efficient, ethical and legal utilization of the network resources. If a Sanchez Charter School user violates any of these provisions, his or her account will be terminated and future access could possibly be denied.

This certificate must be renewed yearly unless the physician specifies a life-long condition.

Bacterial Meningitis

State law specifically requires the Charter School to provide the following information:

What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. Viruses, parasites, fungi, and bacteria can cause it. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death.

What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1-year-old) and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body. The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases, it can be fatal or a person may be left with a permanent disability.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing, sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented?

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss. While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include when there is a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85-90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

Where can you get more information?

Your family doctor or the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services,

Counseling

Academic Counseling

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades 6 through 12 will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and vocational opportunities. To plan for the future, each student should work closely with the counselor in order to enroll in the high school courses that best prepare him or her for attendance at a college, university, or training school, or for pursuit of some other type of advanced education. The counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Social Emotional Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, or emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor should contact the school counselor.

Psychological Exams, Tests, or Treatment

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

Mandated Reporting of Abuse or Neglect

All school staff are mandated reporters of suspected abuse and/or neglect. Students should know if they tell an adult something that would make the adult believe that they have been harmed or are in danger of being harmed physically, sexually or neglected, that adult must report it.

School Facilities

Before and After School

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take

place.

Conduct Before and After School

Teachers and administrators have full authority over student conduct at before- or after-school activities on Charter premises and at school-sponsored events off Charter premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

The charter school follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day.

Textbooks

State-approved textbooks are provided to students free of charge. Books must be treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or paid for by the parent; however, the student will be provided textbooks and equipment for use at school during the school day.

Transportation

School-Sponsored Trips

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. The principal, however, may make an exception if the parent makes a written request that the student be released to the parent or to another adult designated by the parent.

Buses and Other School Vehicles

The charter school makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students. Bus routes and any subsequent changes are posted at the school.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact the main office at 713-929-6700.

Students are expected to assist Charter staff in ensuring that buses remain in good condition and that transportation is provided safely. When riding in Charter vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the bus or van in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the bus, van, or its equipment.

- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the bus or van and before crossing in front of the vehicle.

Inappropriate student conduct will be punished in accordance with the Student Code of Conduct; bus- riding privileges may be suspended.

When and Where These Rules Apply

The policies and administrative procedures concerning student conduct apply to actions of students on school property and school buses and, in some cases, for conduct occurring off of school property.

Under state law, a student may be expelled by Sanchez for Level V misconduct that occurs on the property of another school district within Texas. Additionally, the rules apply to actions of students at all school sponsored or school-related activities or events, such as field trips, sporting events, stadium assemblies, fairs, or evening school-related activities. Students should be aware that the commission of any felony offense, whether at school or away from school, may result in expulsion.

Finally, students should be aware that administrators who are made aware of criminal activity whether on or off of campus will make a report to appropriate law enforcement agencies and that, in addition to these administrative rules, students may be subject to criminal charges for violations of the law.
